SUMMARY

Rising junior pursuing a career in computer science and cyber security. Possesses solid analytical, critical-thinking skills, and creative problem-solving skills complemented by a commitment to delivering high-quality solutions. I am seeking opportunities to apply my technical expertise and contribute to innovative projects within the field of Cybersecurity. I am committed to continuous learning and professional development in the rapidly evolving field of cybersecurity. With a strong ethical foundation, my communication and networking skills, both written and verbal, enable me to convey complex ideas clearly and collaborate effectively with colleagues and stakeholders. Additionally, I have a working foundation in programming languages such as Python, Java, SQL, PHP, and HTML, allowing me to develop software solutions and automation tools.
