Jessica Asare

Cybersecurity and Business Undergraduate | Aspiring Business
Analyst | Python, JavaScript, Splunk
United States

Summary

Cybersecurity and Business Undergraduate at Mount St.Mary's
University. I'm on a mission to explore the vast and exciting world
of technology, with a keen interest in c++, software development,
artificial intelligence, and business analysis.
I find joy in learning new material, working in teams and solving
complex problems. My coursework has provided a solid foundation,
and I'm eager to apply and expand my skills in real-world projects.

I look forward to connecting with you!
Best Regards,
Jessica Asare

Education
